WINES OF AUSTRALIA

OUR STORY

VIDO DOMINIC'S FAMILY HAS LIVED AND BREATHED VITICULTURE AND WINEMAKING FOR ALMOST 100 YEARS, WITH ORIGINS STEMMING BACK TO A SMALL HILLSIDE VILLAGE IN CROATIA.

In 1955, the rich fertile soils of Berri, South Australia attracted two of Vido's eight sons to continue the wine growing tradition in the new world. Driven by the same enthusiasm and passion for the land as their father, they transformed their South Australian vineyards into a source of quality fruit to produce premium wine.

Third generation Brian Dominic and his wife Michelle are the current custodians of Dominic Wines and through sustainable and innovative practices continue to grow and produce quality wines to be enjoyed now and by future generations.

Fast forward to today and Dominic Wines owns and manages a combined total area under vine of almost 550 hectares. Predominately located in the Riverland region of South Australia, vineyards are also located in the premium winegrowing regions of Barossa Valley, Langhorne Creek, Coonawarra and Adelaide Hills.

Our annual grape crush is approximately 10,000 tonnes producing close to 7.5 million litres of wine per annum.

OUR WINES

WE BELIEVE WINEMAKING IS BOTH AN ART AND SCIENCE – AND RECOGNISE THAT THERE IS NOT JUST ONE CORRECT METHOD OF WINEMAKING.

Each of our wines is unique and has its own story to tell. Soil, weather, geology and variety are all contributing factors in selecting the winemaking style to apply in the wine production process. Technological innovations have however, given a little more control back to the winemaker and have proven pivotal in creating a consistent and high quality product.

By combining winemaking traditions of the millennia with the latest technological advances, we have been able to accommodate an ever changing consumer market without compromise. We pride ourselves on our hands on, innovative approach to nurture our South Australian fruit to display their true individual varietal and regional characteristics.

THE WINERY

The winery, which sits on the banks of the mighty Murray River in Loxton, South Australia, provides Dominic Wines with state-of-the-art facilities throughout the production and storage of our wines. This facility, coupled with the use of modern and traditional wine making practices, ensures that we are able to bring out the best characteristics in our wine whilst ensuring best industry practices.

BASED IN THE RIVERLAND REGION OF SOUTH AUSTRALIA

Dominic wines is based in the Riverland region of South Australia, which boasts a Mediterranean climate, long hours of sunshine and fertile soil which provide excellent conditions for the creation of quality reliable wine.

BASKET CASE

WHAT'S YOUR CRAZY? IS IT DESIGNER HANDBAGS, LINING UP FOR END OF SEASON SALES, DEEP AND MEANINGFUL CONVERSATIONS WITH YOUR PET OR WATCHING YOUR FAVOURITE MOVIE FOR THE TENTH TIME AND STILL CRYING?

The Basket Case brand is based on the idea that we all have a little 'crazy' in us; a touch of something that can't quite be measured, and more than often is just not rational. This brand encourages us to embrace, celebrate and share the idiosyncrasies that make us who we are. These wines are easy drinking, moderately priced and have a quirky appeal.

2014 SAUVIGNON BLANC

With the fruit sourced from a premium single vineyard in the pristine Adelaide Hills, the Sauvignon Blanc boasts fantastic herbaceous and passion fruit aromas. Including crisp grapefruit and tropical fruit flavours with a zesty finish.

2014 SHIRAZ ROSE

This cracking Shiraz Rose is bursting with fresh summer red berries. The palate is rewarded with plump strawberries and watermelon and the hint of exotic spice is balanced perfectly with a touch of confectionary and a little zing.

2014 PINOT GRIS

This classy French number has aromatics of white florals, nectarines and pear, the palate enjoys ripe fleshy stone fruits and a little baked apple. A delicious creamy yet crisp finish will have you thinking you have just landed in Paris itself.
